Grid - View 3

The Grid view can be called directly with the **3** key. This view is also called Multi-EPG.

In this view, the EPG is displayed graphically and is intended to provide an overview of which shows are running now and will be broadcast on the various stations.

Current or planned recordings are displayed above the event using a red bar. The bar also shows the pre and post padding. A key can be set in the setup menu item „ [Key for the Grid](#) “. By default, channels that were selected in the setup menu item „Select bouquet“ for scanning or to be displayed are available.

There is another grid layout with an info column on the right. The configuration is done via the [Grid Layout](#) - or via the web interface.

The screenshot displays a SmartEPGvu+ interface with a TV guide for Saturday, January 12, 2024. The main area shows a grid of program listings with details such as channel logos (1 HD, ZDF HD, hr HD, RTL HD, SAT.1 Na, RTL HD, A HD, hunc HD, HD), program titles, and descriptions. A live video feed on the right shows a football match. The bottom control bar includes buttons for 'Set timer', 'New search', 'Go to event in guide', 'Go to fileDB', 'Change page', 'Prime time', 'Current program', 'Switch to channel', 'Switch bouquet', 'Info', 'Guide', 'Overview', 'Soon', 'Timer', 'Search list', 'Menu', and 'Exit'. The SmartEPGvu+ logo is visible in the bottom right corner.

Explanation of the keys

-  Program a timer or edit an existing timer
-  Create and display a search from the selected event. This feature can also be used to quickly search for replays
-  Jumps to the program in the Guide - View 1
-  Switch to the File Database Editor
-  Scroll backwards by page
-  Scroll forward page by page
-  Jumps back 24 hours from the marked event
-  Jumps forward 24 hours from the marked event
-  Jump to Prime time
-  Jumps to the current broadcast
-  Switches to the selected channel
-  OK - Long => Opens a window to select another bouquet
-  Display the extended information of the selected program
-  Jump to View 1 - Guide
-  Jump to View 2 - Overview
-  Jump to View 4 - Next event
-  Jump to View 5 - Timer
-  Jump to View 6 - Search
-  Calls up the SmartEPGvu+ menu
