# Grid - View 3

The Grid view can be called directly with the  key. This view is also called Multi-EPG.

In this view, the EPG is displayed graphically and is intended to provide an overview of the programs are currently running and those that will be broadcast on the various stations.

Current or planned recordings are indicated by a red bar above the event. The bar also shows the pre and post padding. A button can be set in the setup menu item „Key for the Grid“. By default, channels that were selected in the setup menu item „Select bouquet“ for scanning or to be displayed are available.

## Explanation of the keys

-  Program a timer or edit an existing timer
-  Create and display a search from the selected event. This feature can also be used to quickly search for replays
-  Jumps to the program in the Guide - View 1
-  Switch to the File Database Editor
-  Scroll backwards by page
-  Scroll forward page by page
-  Jumps back 24 hours from the marked event
-  Jumps forward 24 hours from the marked event
-  Jump to Prime time
-  Jumps to the current broadcast
-  Switches to the selected channel
-  OK - Long => Opens a window to select another bouquet
-  Display the extended information of the selected program
-  Jump to View 1 - Guide
-  Jump to View 2 - Overview
-  Jump to View 4 - Next event
-  Jump to View 5 - Timer
-  Jump to View 6 - Search
-  Calls up the SmartEPGvu+ menu
-  Exit

If the „Set timer“ button, i.e. the record button, is pressed, the display of the first line in the legend changes as follows:

-  Program a timer or edit an existing timer
-  Block or unblock timers
-  Change timer type (R, P or M timer) - more detailed explanation under Timer types
-  Delete the marked timer
-  Create and display a search from the selected event. This feature can also be used to quickly search for replays
-  Jumps to the program in the Guide - View 1
-  Switch to the File Database Editor
